She was administrative assistant at Circle Wisconsin and loved helping to assist the group tour efforts. During the pandemic she recently found a second calling working in the Elmbrook School District.

She has been eulogized this past few days with many kind words – loving , caring, everyone's sister, prayer warrior.

Kerry embraced our Irish heritage and we always intended to return.

She reconnected with her high school friends from Marillac and was starting to plan a second reunion. Her grade school friend Jan and she recently saw Paul McCartney in Madison. She loved The Beatles! She was an avid reader and like to do craft projects. Her candle and Princess House crystal are legendary!
